

BOSEV, Türkiye

19.09.2024

BOSEV held its multiplier event at Ankara Hacı Bayram University. A total of 50 participants participated in 2 different sessions. Most of the participants were university lecturers, but there were also university students, company representatives and participants with entrepreneurial backgrounds. Particular emphasis was placed on co-creation of value, the ENTREHUBS model and the e-learning platform. As can be seen from the evaluation questionnaires, the participants were very satisfied with the aims and results of the project.
