ONLINE 2ND TRANSNATIONAL PARTNERS MEETING

The following agenda items were discussed in our 2nd online transnational partners meeting held on 8 September with the participation of all partners:

- Providing a draft structure for the training model
- Development of lesson plans
- Planning of small-scale pilot implementation
- Discussion about the progress of project outputs
- Discussion about the project dissemination strategy

WHAT IS ENTREPRENEURSHIP EDUCATION ?

Entrepreneurship education consists of a curriculum designed to provide the knowledge, skills and mindset needed to identify, create and manage successful business initiatives. It aims to foster innovation, critical thinking, and the ability to navigate the challenges of starting and running a business. It has great importance such as responding quickly and effectively to the needs of the market, creating employment and contributing to the economy, bringing innovations in product and service production, accelerating economic development, bringing innovations to the business world and the sector, solving social and economic problems.
